1. Which of the following applies to your situation?

- ☒ The proposed rail line is near my home.
- ☐ The proposed rail line is near my business.
- ☐ The proposed rail line crosses my property
- ☐ Other, please specify

2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions?

I own a historical home near the proposed railroad track. Also my property is near the Quibi Creek which means if you build the track it may create more flooding on my property. By building the track on low water crossings this will create dams on the creek by backing up the water on my property.

3. Please use this space for additional comments or suggestions.

This area that the R.R. wants has many historical homes also may be burial grounds for Native Indians. Also the creeks will be diverted by small dams built by the R.R. at many locations. I feel the R.R. will impact the whole area.

Thank you for your comments.
